## WORKWITHUS to rebuild lives

### Together, we can make a difference

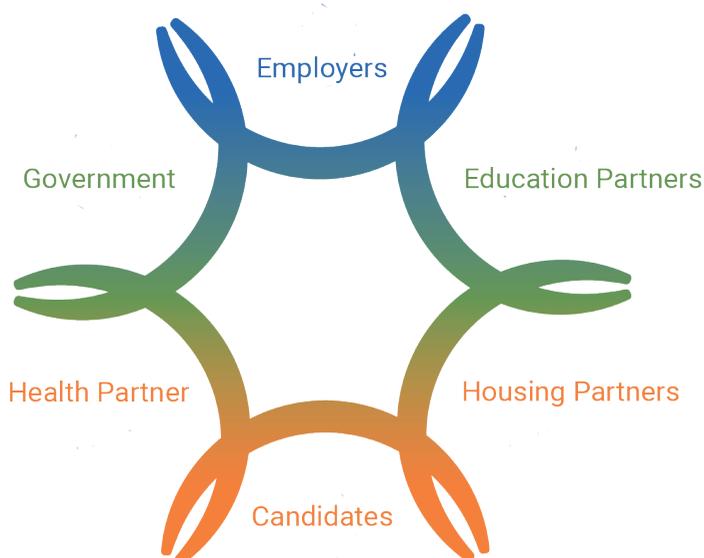

There are hundreds of previously homeless individuals who are now living in stable housing and are ready to move on with their lives to become fully contributing members of society. Streetohome Foundation (which addresses the root causes of homelessness in Vancouver such as unemployment) is partnering with TPD (an international workforce and HR solutions company) to establish **WorkWithUs**, a non-profit professional staffing organization, to help vulnerable individuals set goals, get the support they need and successfully re-enter the workforce.

### Let's work together

We want to collaborate with businesses who are looking for a unique way to contribute to their community and meet their workforce needs. Through **WorkWithUs**, you can give individuals who may have a difficult time securing jobs in the mainstream marketplace opportunities for rewarding work.

In return, you benefit from our employees who are highly-motivated, loyal and eager to make an impact and you can take pride in knowing that you are strengthening our community by helping those in need.

## Our Model

**WorkWithUs** leverages leading-edge technology to ensure accuracy and expediency in matching work assignments with suitable candidates. **WorkWithUs** provides a single point of contact for clients seeking fully supported, enthusiastic talent for their workforce needs. We assess all candidates for work readiness and skill level, remain the employer of record and assume all the burden and risk.

**WorkWithUs** will also collaborate with supportive housing organizations to ensure our candidates' are supported in making a smooth transition into employment.

By partnering with us, you'll be helping candidates to achieve their goals of career development, financial independence, and independent living.
